

**A framework and resources to celebrate nonviolence
from 21 September (International Day of Peace) to 2 October (International Day of Nonviolence)**

We encourage solidarity actions around the globe to promote and celebrate nonviolence between 21 September (International Day of Peace) and 2 October (International Day of Nonviolence and Gandhi's birthday). Our hope is that this becomes an annual event. Here are a range of approaches that could be added for use in your own community. Please let us know what you plan and when it will take place, so that we can share with others. Email your responses to nonviolence@paxchristi.net.
